Director Scurry stated no public comment had been received by the Board Office as of the start of the meeting.

Dr. Michelle Zochowski, Psychological Assistant, expressed concern about the EPPP Part-2. That part of the exam is currently undergoing the beta testing phase which will result in her not receiving a score until late summer. She asked that the Board consider options for those seeking licensure at the next meeting, including a potential waiver system.

Dr. Julie Beasley expressed concerns about delays to licensure as a result of the beta testing of the EPPP Part-2. She also asked the Board to consider discussion of the issue at the next regular meeting.

## **B.** Report from the Executive Director on Board Office Operations

Executive Director Scurry explained that the online application for licensure or registration has been revised. The new application allows the user to only complete those sections that are necessary for the type of application (licensure or registration as a psychological assistant, intern or trainee). For example, if the applicant will need to use the PLUS application, they will not be made to complete sections related to education or training as the PLUS application includes those sections. For an applicant who has 20 years' experience or certain other credentials, they will be asked to provide information for the full application at the beginning to potentially expedite the process. Additionally, certain data that has been request by the State, such as service in the military, has been added.

Ms. Scurry planned to make the application live for use by applicants on that date. A link to the application will be provided to the members to see the new format. They were asked to provide any feedback to Ms. Scurry.

## I. Complaint #20-1229

Dr. Sheila Young, Board Investigator, explained that Complaint 20-1229 was submitted by a private practice who complained that a psychologist with whom they had a contract had quit the practice. As a result, evaluations scheduled to be performed by the psychologist were not completed. Dr. Young stated her belief that the complaint lacked merit. She summarized by saying the complaint alleged it was unethical for the Respondent psychologist to have quit.

Dr. Young recommended dismissal of the complaint. She added that she had waited to see if a counter complaint would be filed. She did not feel the Board had adequate jurisdiction over the matter.

President Owens clarified the allegations of the complaint - that the contracted psychologist quit unethically leaving the practice with several patients that had not been evaluated. During the investigation, the Respondent explained that as the insurance had not been billed by the practice, she could not administer the evaluations.

Dr. Holland clarified that the Complainant was not specifically about a patient(s). Dr. Young confirmed that to be the case.

On motion by Stephanie Holland, second by Monique McCoy, the Nevada State Board of Psychological Examiners dismissed Complaint #20-1229. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, Stephanie Holland) Motion Carries: 4-0

Mr. Ward asked that Complaint #20-1229 be removed from future agendas.

At President Owens' inquiry, Mr. Ward explained that hearings in some of the matters above will likely be scheduled for July or August. 7. (For Possible Action) Review and possible action on applications for licensure as a psychologist or registration as a psychological assistant, intern or trainee. The Board may convene in closed session to receive information regarding applicants, which may involve considering the character, alleged misconduct, professional competence or physical or mental health of the applicant (NRS 241.030). All deliberation and action will occur in an open session.

The Board of Psychological Examiners considered the following applicants for licensure contingent upon their satisfactory completion of all other licensure requirements: Catherine Aisner, Dana Chidekel, Marissa Garcia Elpidama, Rose Leung, Regina Marshall, Kristina Reynoso, Ashley Taylor, Meghan Walls, and Kiara Wesley.

On motion by Monique McCoy, second by Stephanie Holland, the Nevada State Board of Psychological Examiners approved the following applicants for licensure contingent upon their satisfactory completion of all other licensure requirements: Catherine Aisner, Dana Chidekel, Marissa Garcia Elpidama, Rose Leung, Regina Marshall, Kristina Reynoso, Ashley Taylor, Meghan Walls, and Kiara Wesley. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, Stephanie Holland) Motion Carries: 4-0

# A. (For Possible Action) Discussion and Possible Action To Approve The Application For Reinstatement For Simon Zysman, Ph.D.

Lisa Scurry, Executive Director explained that Dr. Simon Zysman was a new licensee during the last biennium (2019-2020). When he did not renew by December 31, 2020, his license status was changed to expired. He then missed the renewal deadline of March 1, 2021, meaning he would need to apply to reactivate his license. While first time licensees are not required to provide proof of continuing education, reactivation of a licenses requires proof of 30 credits.

Director Scurry explained that had he renewed prior to March 1, the continuing education requirement would have been waived. However, after March 1 the process becomes re-activation of a license. As a result, Dr. Zysman would be required to complete the continuing education requirement unless it is waived by the Board.

President Owens inquired how many years Dr. Zysman had been licensed in New York, adding that the reason the continuing education requirement is waived for first time licensees is the assumption that someone newly licensed has just completed years of training. It was explained that Dr. Zysman had more than 20 years' experience. President Owens stated that she would not be in favor of providing a waiver, adding that continuing education is important for psychologists.

Member Dr. Holland asked if he has been receiving continuing education through his licensure in New York. Director Scurry replied that she couldn't confirm if he has ever

had continuing education but was told by Dr. Zysman that he did not have current continuing education.

Member Dr. Esmaeili agreed that he should complete the requirement prior to having his license reactivated. Dr. Holland concurred.

On motion by Soseh Esmaeili, second by Monique McCoy, the Nevada State Board of Psychological Examiners denied the application of Dr. Simon Zysman to re-activate his license to practice psychology. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, Stephanie Holland) Motion Carries: 4-0

Member Dr. Stephanie Woodard joined the meeting at 8:32.

### B. (For Possible Action) Discussion and Possible Action to Approve the Request for a One-Year Extension of the Application for Licensure Through March 31, 2022 for Cynthia Cameron, Ph.D.

Lisa Scurry, Executive Director, presented a request by Cynthia Cameron, Ph.D., for a one-year extension of her application for licensure through March 2022. Nevada Administrative Code provides for two years for completion of the application. Without a waiver, Dr. Cameron would need to reapply and pay the application fee again. Dr. Cameron has completed the psychological assistant hours but not the required state and national examinations.

There was discussion regarding the past practice of closing application files before the application would expire by statute. It was suggested that the Office develop procedures to ensure consistency in communication with applicants. Ms. Scurry explained that she has developed a checklist system for review of files and communicating with candidates.

On motion by Stephanie Holland, second by Soseh Esmaeili, the Nevada State Board of Psychological Examiners approved a one-year extension of the application for licensure through March 31, 2022 of Cynthia Cameron, Ph.D. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, Stephanie Holland, and Stephanie Woodard) Motion Carries: 5-0

### C. (For Possible Action) Discussion and Possible Action to Approve the Request for a One-Year Extension of the Application for Licensure Through June 27, 2022 for John Barona, Ed.D.

Lisa Scurry, Executive Director, presented a request by John Barona, Ed.D., for a oneyear extension of his application for licensure through June 27, 2022. Dr. Barona's application is pending his passing the state and national examinations.

There was discussion regarding the April 2021 action by the Board to deny the study plan submitted Dr. Barona to take the state exam. Since that time, Dr. Barona has not re-submitted the exam following guidance from the Board.

Member Dr. Holland stated she would recuse herself from voting as she had been involved in providing Dr. Barona guidance in the past.

Member Dr. Esmaeili recommended approving the extension of Dr. Barona's application and to potentially discuss the lack of communication regarding the examinations at a future time.

On motion by Soseh Esmaeili, second by Stephanie Woodard, the Nevada State Board of Psychological Examiners approved a one-year extension of the application for licensure through June 27, 2022 of John Barona, Ed.D. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, and Stephanie Woodard. Abstain: Stephanie Holland) Motion Carries: 4-0

### D. (For Possible Action) Discussion and Possible Action to Approve the Request for a One-Year Extension of the Application for Licensure Through March 31, 2022 for Sylvia Chang, Ph.D.

Lisa Scurry, Executive Director, presented a request by Sylvia Change, Ph.D., for a oneyear extension of his application for licensure through June 27, 2022. Dr. Chang's licensure is pending passage of the EPPP Part-1.

On motion by Stephanie Woodard, second by Stephanie Holland, the Nevada State Board of Psychological Examiners approved a one-year extension of the application for licensure through June 27, 2022 of Sylvia Chang, Ph.D. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, Stephanie Holland, and Stephanie Woodard) Motion Carries: 5-0

### E. (For Possible Action) Discussion and Possible Action to Approve the Psychologist Licensure Application of Dana Chidekel, Ph.D., Contingent Upon the Satisfactory Completion of Licensure Requirements.

Lisa Scurry, Executive Director, presented a document provided by the California Board showing that she was fined for failure to show proof of continuing education credits in 2017. The fine was paid and her license is current and active in both California and Connecticut.

On motion by Soseh Esmaeili, second by Monique McCoy, the Nevada State Board of Psychological Examiners approved the application of Dana Chidekel contingent upon satisfactory completion of all other licensure requirements. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, Stephanie Holland, and Stephanie Woodard) Motion Carries: 5-0

### F. (For Possible Action) Discussion and Possible Action to Approve the Psychologist Licensure Application of Hope Bagley, Ph.D., Contingent Upon the Satisfactory Completion of Licensure Requirements.

Executive Director Lisa Scurry reviewed the application of Dr. Hope Bagley and the timeline of events related to a past matter in Virginia. Beginning in 2009, various actions were taken by the Virginia Board to suspend Dr. Bagley's license and later to place it on indefinite probation based on various concerns. In 2015, all restrictions against the license were removed by that Board.

Ms. Scurry explained that an Order from 2015 indicated the license was no longer on probation but a subsequent order dated in 2017 listed the license as on probation. She spoke with an official at the Virginia Board who clarified that the 2017 Order was not new but actually corrected an error made in the decision of the Board from 2013. That official confirmed that as of 2015, the Virginia Board had reinstated Dr. Bagley's license and, to date, it remains active and in good standing.

President Owens inquired of Dr. Bagley if any monitoring is ongoing. Dr. Bagley indicated that the license is currently unrestricted in Virginia.

### On motion by Stephanie Holland, second by Monique McCoy, the Nevada State Board of Psychological Examiners approved the application of Hope Bagley.

Ms. Scurry clarified that the motion should include that the application would be approved contingent upon satisfactory completion of all other licensure requirements. President Owens asked for an amended motion.

On motion by Stephanie Holland, second by Monique McCoy, the Nevada State Board of Psychological Examiners approved the application of Hope Bagley contingent upon satisfactory completion of all other licensure requirements. (Yea: Whitney Owens, Monique McCoy, Soseh Esmaeili, Stephanie Holland, and Stephanie Woodard) Motion Carries: 5-0

8. (For Possible Action) Discussion and Possible Action to Provide Guidance on Matters Related to the Covid-19 Pandemic and Governor Sisolak's Directive 011. Discussion May Include Health Guidelines, Supervision Concerns, Obtaining Clinical Hours for Licensure, the Use of Telepsychology and Interjurisdictional Practice, and Consideration of Temporary Licensure/Registration Options

Lisa Scurry, Executive Director, described Senate Bill 326 that is currently being discussed by the State Legislature. The bill, if adopted, would provide for a temporary license for up to one year for individuals licensed in another state, taking the place of Directive 011. The bill passed through the Senate with no revisions and is currently being considered by the Assembly. Ms. Scurry added that more than 340 temporary registrations have been issued under the Directive since April 2020.

President Owens asked if the bill would allow the Board to continue to offer temporary registration and if fees could be charged. Ms. Scurry explained that the bill prohibits charging a fee to anyone applying for the temporary registration.

Member Dr. Woodard spoke about ongoing work with Governor's office to compile data related to temporary registrations under the Directive. They are seeking to understand if the temporary registrations are increasing access to mental health services and in what ways the registration is being used.

Ms. Scurry added that she has seen a change in the reasons given for individuals seeking temporary registration. Initially there were many psychologists from universities providing services to students who were sheltering in Nevada. In the past few months, she has seen an increase in the numbers of psychologists from the same practice who appear to be using the Directive to expand their practice.

Member Dr. Holland inquired if there was a deadline or end date associated with the Directive. Ms. Scurry explained that it was open ended for the length of the Directive and did not have a defined end date. She added that she has always encouraged registrants to seek licensure.

President Owens suggested data be sought from the registrants as to whether they are still using the Directive and how they are using it, including whether or not they are conducting assessments via telehealth.

A. (For Possible Action) Discussion of the 2021 Session of the Nevada Legislature; and Possible Action to Provide Direction to Staff Regarding Proposed Legislation that Could Have Impact on the Board and/or The Practice of Psychology, To Include but Not Limited the Areas of Licensure By Endorsement, Data Collection, Continuing Education, Cultural Competency/Diversity Training, And State Boards Operations (AB327, SB44, SB208, SB326, SB335, and SB402)

President Owens explained that she and Director Scurry submitted comments on Senate Bill 208. That bill would have created a provisional license. Director Scurry noted that the bill did not look like it would be approved prior to that day's deadline. As a result, it was likely to expire.

Senate Bill 44, which was proposed by the Rural health Board, would create a pathway to licensure by endorsement, including the granting of a provisional license until full licensure could be accomplished. President Owens explained several proposed amendments to that bill. One would have provided for reduced renewal fees for licensees who work with underserved populations. There was debate during the committee hearing as to whether or not that could be a discriminatory practice. Another proposal would have reduced the number of continuing education credits needed for those same licensees. A final proposal would provide for reduced renewal fees for those licensees who bill Medicaid or Medicare as they were likely to be working with underserved populations. The bill is pending with no final amendment posted for review as of the Board meeting start time.

Ms. Scurry explained that Assembly Bill 327 was approved by the Assembly and would be moving toward a hearing in the Senate. The bill will require continuing education in cultural competency by licensees.

B. (For Possible Action) Discussion and Possible Action on Assembly Bill 366 (2021) Which Proposes Changes to Nevada Revised Statutes Related to Medical Records and to Clarify Purpose, Scope of Use, and Use of Audio and Video Recordings in Therapy and Assessment Training for Psychological Trainees, Psychological Interns and Psychological Assistants.

Lisa Scurry, Executive Director, explained that Assembly Bill 366 went through the Assembly hearing with no discussion or concerns. It is expected to move forward to the Senate side without amendment. The bill was proposed by the Board to exempt audio and video recordings used for training purposes from being classified as medical records that must be retained.

### 10. (For Possible Action) Discussion of U.S. District Court Case 2:20-CV-00651-KJD-VCF Where the State of Board Psychological Examiners is a Named Defendant.

Harry Ward, Deputy Attorney General, explained that a proposed discovery and scheduling order was submitted to the judge by the Plaintiff in this matter. The scheduling order will provide deadlines for finishing the discovery process. The matter is ongoing.

### 11. (For Possible Action) Schedule of Future Board Meetings, Hearings, and Workshops. The Board May Discuss and Decide Future Meeting Dates, Hearing Dates, and Workshop Dates

The next regularly scheduled meeting of the Nevada Board of Psychological Examiners is Friday, May 14, 2021 at 8:30 a.m.

## 12. Requests for Future Board Meeting Agenda Items

President Owens suggested an item to discuss creation of a Master's level license.

## 13. Public Comment

There was no public comment at this time.

## 14. (For Possible Action) Adjournment

There being no further business before the Board, President Owens adjourned the meeting at 9:30 a.m.

#### April 9, 2021

#### To: Nevada Board of Psychological Examiners

#### Public Comment from Michelle Zochowski, Ph.D.:

Hello, my name is Michelle Zochowski. I am currently a psychological assistant at the UNLV Ackerman Autism Center under the supervision of Dr. Julie Beasley who is here with me today

We wanted to comment on the progress of obtaining my licensure and a potential barrier I am facing. I am hoping to obtain employment at my current site as a fully licensed psychologist beginning on July 1<sup>st</sup> 2021. I have recently passed the EPPP, am on track to complete my hours before June 30<sup>th,</sup> and am in the process of scheduling the State exam and the EPPP 2. I have learned that the EPPP2 is still in the beta testing phase which means that I would likely not receive a score until July. Additionally, yesterday I attempted to sign up for the exam here in Las Vegas and the next available date would be July 21<sup>st</sup>. Taking the exam at an earlier date would require travel to a neighboring state and this produces an increased financial burden.

We are asking the board if they would consider adding this issue to the next meeting agenda to address possible solutions such as providing a waiver on a case-by-case basis to prevent the delay of licensure

#### Public Comment from Julie Beasley, Ph.D.:

As a nonprofit center, we depend on insurance contract and billing to fund clinical positions. Delayed licensure creates delays in credentialing. With credentialing taking 90 to 120 days in Nevada, we do not have time to waste. Supporting the timely licensing of new psychologists is crucial to clinical service delivery to our communities. I am asking for a case-by-case waiver/grace period to move forward in new psychologist positions. Please note that most, if not all, healthcare companies are requiring licensure and full credentialing prior to hiring candidates.

Respectfully,

#### **Board Meeting Staff Report**

#### Item:

4b. DISCUSSION AND POSSIBLE ACTION TO MAKE ADJUSTMENTS TO THE FISCAL YEAR 2022 BUDGET

#### **Presenter:**

Lisa Scurry, Executive Director

Dr. John Krogh, Secretary/Treasurer

#### Summary:

The budget for Fiscal Year 2021 will be presented with several recommended changes. Changes align to the "budget to actuals" for fiscal year 2021 with the intent to more closely reflect actual revenues and expenses. It is based on an estimated rollover from fiscal year 2021 of \$225,000 and does not utilize any monies currently held in reserve.

The proposed changes include:

- Adjusting estimated revenues from applications, licensures and registrations, as well as the Other Income categories
- Adjusting estimated expenditures:
  - Board Staff Wages, Investigators to include a potential increase in salary for the executive director, Board investigators, and the addition of temporary or part-time staff
  - Reserve of monies to pay for staff sick and/or vacation pay
  - PERS This amount has been increased to accurately reflect the cost of the Nevada Public Employees' Retirement System (PERS) for the executive director. This amount if based on the rate provided by PERS.
  - Other expense line items have been adjusted to align with the actuals paid in fiscal year 2021

### **Executive Director Recommendation:**

That the Board of Psychological Examiners provides guidance on the proposed changes to the Fiscal Year 2022 Budget and/or approves the proposed changes to the Fiscal Year 2022 Budget

#### **DIRECTIVE 011**

WHEREAS, on March 12, 2020, I, Steve Sisolak, Governor of the State of Nevada issued a Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic; and

WHEREAS, on March 13, 2020, Donald J. Trump, President of the United States declared a nationwide emergency pursuant to Sec. 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207 (the "Stafford Act"); and

**WHEREAS**, pursuant to NRS 414.070(6), the Governor may exercise the power "[t]o authorize providers of emergency medical services and providers of mental health services who are not licensed, certified or registered, as applicable, in this State but hold a license, certificate, registration or similar credential in good standing in another state of the United States, the District of Columbia, the Commonwealth of Puerto Rico or any territory or insular possession subject to the jurisdiction of the United States to practice their profession within their scope of practice as if they were licensed, certified or registered, as applicable, in this State for the amount of time necessary to assist in responding to the emergency or disaster;" and

WHEREAS, pursuant to NRS 414.070(7), the Governor may perform and exercise such other functions, powers and duties as are necessary to promote and secure the safety and protection of the civilian population; and

**WHEREAS**, NRS 414.110(1) provides that all functions under Chapter 414 and all other activities relating to emergency management are hereby declared to be governmental functions. Neither the State nor any political subdivision thereof nor other agencies of the State or political subdivision thereof, nor except in cases of willful misconduct, gross negligence, or bad faith, any worker complying with or reasonably attempting to comply with this chapter, or any order or regulation adopted pursuant to the provisions of this chapter, or pursuant to any ordinance relating to any necessary emergency procedures or other precautionary measures enacted by any political subdivision of the State, is liable for the death of or injury to persons, or for damage to property, as a result of any such activity.

WHEREAS, NRS 414.110(2) provides that any requirement for a license to practice any professional, mechanical or other skill does not apply to any authorized worker who, in the course of performing

WHEREAS, Nevada must be prepared to expand its health care workforce to protect its citizens who require emergency care and services and ensure all critical medical resources are available to identify and treat those impacted by COVID-19 during this emergency;

WHEREAS, Article 5, Section 1 of the Nevada Constitution provides: "The supreme executive power of this State, shall be vested in a Chief Magistrate who shall be Governor of the State of Nevada;" and

**NOW THEREFORE**, by the authority vested in me as Governor by the Constitution and the laws of the State of Nevada and the United States, and pursuant to the March 12, 2020, Emergency Declaration,

#### IT IS HEREBY ORDERED THAT:

- SECTION 1: The waiver of licensing provision of NRS 414.110 is hereby invoked. Professional licensing boards regulating providers of medical services shall temporarily waive certain licensing requirements to allow the practice of currently unlicensed skilled medical professionals during the pendency of the COVID-19 crisis. For the purposes of this Directive, a provider of medical services includes all categories of skilled personnel deemed necessary by the Governor's COVID-19 Medical Advisory Team to augment and bolster Nevada's healthcare workforce to the levels necessary to combat this pandemic, including without limitation, medical doctors, physician assistants, nurse practitioners, advanced practice registered nurses, registered nurses, licensed practical nurses, emergency medical technicians, advanced emergency medical technicians, medical students, nursing students, medical laboratory directors or technicians, and licensed or certified behavioral health professionals.
- SECTION 2: The waiver and exemption of professional licensing requirements shall apply to qualified providers of medical services during this declared emergency who currently hold a valid license in good standing in another state, providers of medical services whose licenses currently stand suspended for licensing fee delinquencies, providers of medical services whose licenses currently stand suspended for licensing fee delinquencies, providers of medical services whose licenses currently stand suspended for failure to meet continuing medical education requirements, and providers of medical services who have retired from their practice in any state with their license in good standing. These waivers and exemptions shall not apply to persons whose licenses have been revoked or voluntarily surrendered as a result of disciplinary proceedings.

- SECTION 3: The Chief Medical Officer is authorized to approve the wavier and exemption of professional licensing requirements for any provider of medical services who has received training in another country but is not currently licensed in the United States, subject to verification of their credentials.
- SECTION 4: Individuals seeking waiver and exemption of professional licensing requirements are required to notify the applicable Nevada licensing board or agency and provide any requested information. Any medical facility as defined by NRS 449.0151, laboratory, or pharmacy employs or contracts with a provider of emergency medical services who is not licensed in Nevada during this declared emergency must ensure that the provider has notified the applicable Nevada license board or agency.
- SECTION 5: The Chief Medical Officer and, to the extent necessary, the appropriate professional licensing board shall expedite the processing and final disposition of all applications to practice under the terms of this Directive.
- SECTION 6: A provider of medical services during this emergency is authorized to supervise students in their profession to provide any emergency medical services as is appropriate to the student's knowledge and skill level without further licensure or certification.
- SECTION 7: All providers of medical services in the State of Nevada are authorized to practice outside the scope of their specialization, within the limits of their competency, to the extent necessary to augment and bolster Nevada's healthcare system during the COVID-19 crisis.
- SECTION 8: The Governor authorizes the Chief Medical Officer or his designee to review and approve the Crisis Standards of Care Guidance for COVID-19 promulgated by the State of Nevada Department of Health and Human Services, Division of Public and Behavioral Health, and the Governor's COVID-19 Medical Advisory Team.
- SECTION 9: All regulatory requirements for providers of medical services that are not compatible with the applicable Crisis Standards of Care approved by the Chief Medical Officer during this declared emergency will be suspended.
- SECTION 10: All providers of medical services related to COVID-19 are performing services for emergency management subject to the order or control of and at the request of State Government and shall be afforded the immunities and protections set forth in NRS 414.110, subject to the same exclusions therein.
- SECTION 11: All licensing fees assessed on providers of medical services by the State of Nevada or professional licensing boards shall be waived for all persons applying to practice in the State of Nevada pursuant to this Directive, for the duration that this Directive shall be in effect. Providers of medical services currently licensed by the State of Nevada may, at their election, delay submission of outstanding licensing fees for the period this Directive shall be in effect, except that no person who has paid the fee prior to the date of this Directive shall be entitled to a refund thereof by virtue of this order. No

license for a provider of medical services shall be suspended for nonpayment of licensing fees while this Directive is in effect, and for a period of 60 days thereafter.

- SECTION 12: No license for a provider of medical services shall be suspended for any administrative reasons, including without limitation, continuing education requirements while this Directive is in effect, and for a period of 60 days thereafter. This restriction shall not be construed to prohibit the suspension or revocation of licenses for reasons that jeopardize patient health, including without limitation, incompetency or malpractice.
- SECTION 13: This Directive shall remain in effect until specifically modified or terminated by a subsequent Directive promulgated pursuant to the March 12, 2020 Declaration of Emergency to facilitate the State's response to the COVID-19 pandemic.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Nevada to be affixed at the State Capitol in Carson City, this 1st day of April, in the year two thousand twenty.

#### Item:

7. DISCUSSION AND POSSIBLE ACTION ON POTENTIAL IMPLEMENTATION OF PROPOSED LEGISLATION, INCLUDING SENATE BILL 326 THAT WOULD TAKE THE PLACE OF THE GOVERNOR'S DIRECTIVE 011 AND ALLOW FOR TEMPORARY REGISTRATION OF OUT-OF-STATE PROVIDERS TO PRACTICE VIA TELEHEALTH

#### **Presenter:**

- Dr. Whitney Owens, Board President
- Lisa Scurry, Executive Director

## Summary:

The Board may discuss potential options for replacing Directive 011 when it ends.

Discussion may include Senate Bill 326 that is currently with the Assembly Committee on Health and Human Services. SB326 passed out of the Senate on April 12, 2021 with no revision to the bill. If it passes in its current version, the bill would authorize a provider of health care who holds a license or certificate in another jurisdiction of the United States to provide services to a patient outside of Nevada if he or she registers with the Board. Such registration would be valid for 1 year and would not be renewable.

Staff proposes utilizing the online application form as the registration form with no fee attached. In that way, information necessary to ensure individuals are licensed and in good standing in their home state will be gathered. Additionally, registrants who wish to apply for licensure will have begun the process, expediting their licensure.

### **Executive Director Recommendation:**

That the Board of Psychological Examiners provide any guidance of recommendations on options to replace the provisions of Directive 011 and ensure continuity of care.

#### SENATE BILL NO. 326–SENATOR HARDY

#### MARCH 22, 2021

#### Referred to Committee on Health and Human Services

SUMMARY—Revises provisions relating to providers of health care. (BDR 54-614)

FISCAL NOTE: Effect on Local Government: No. Effect on the State: Yes.

EXPLANATION - Matter in *bolded italics* is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to professions; authorizing a provider of health care who is licensed or certified in another state to register to use telehealth to provide services to patients located in this State; requiring the Board of Medical Examiners and the State Board of Osteopathic Medicine to prescribe electronic application forms and report certain Legislature; information to the requiring the Commissioner of Insurance to prescribe a form on which a physician may apply to be included in the network of providers of any health carrier who provides coverage to residents of this State; and providing other matters properly relating thereto.

#### Legislative Counsel's Digest:

1 Existing law requires a provider of health care to hold a valid license or 23456789 certificate in this State in order to use telehealth to direct or manage the care or render a diagnosis of a patient who is located at an originating site in this State or write a treatment order or prescription for such a patient. (NRS 629.515) Existing law authorizes the Governor to waive professional licensing requirements during an emergency. (NRS 414.070) On March 12, 2020, the Governor declared a state of emergency due to the COVID-19 pandemic. In the Declaration of Emergency Directive 11 issued pursuant to that State of Emergency on April 1, 2020, the Governor waived licensing requirements, including requirements relating to telehealth, for skilled medical professionals, including hysicians, physician assistants, nurses, providers of emergency medical services, pharmacists and providers of behavioral health services. **Section 3** of this bill defines the term 10 11 12 "regulatory body" to mean any state agency or board that licenses or certifies providers of health care. Section 4 of this bill authorizes a provider of health care 13 14 15 who holds a license or certificate in another jurisdiction of the United States to 16 provide services to a patient located at an originating site in this State if he or she

17 registers with the regulatory body that regulates his or her profession in this State. 18 Section 4 provides that such registration is valid for 1 year and is not renewable. 19 Section 4: (1) requires a registrant to comply with the laws and regulations 20 governing the practice of his or her profession in this State; and (2) authorizes the 21 22 23 24 25 26 27 28 29 30 applicable regulatory body to impose disciplinary action against a registrant who fails to comply with those laws and regulations. Sections 7, 10 and 11 of this bill make conforming changes to clarify that a registrant is authorized to use telehealth to provide services to residents of this State without being licensed or certified in this State.

Existing federal law requires each state to adopt procedures to ensure that applicants for occupational licenses and certificates comply with child support obligations. (42 U.S.C. § 666) Sections 5 and 6 of this bill enact such procedures as applicable to an applicant for a registration to provide services using telehealth to residents of this State in order to comply with federal law. Sections 13 and 16 of 31 this bill remove a requirement that an application for a registration include the 32 33 34 social security number of the applicant on the date that those federal requirements are repealed, while leaving in place the other requirements of sections 5 and 6 until 2 years after that date.

35 Under existing law: (1) the Board of Medical Examiners licenses allopathic 36 physicians and physician assistants, perfusionists and practitioners of respiratory care; and (2) the State Board of Osteopathic Medicine licenses osteopathic 37 38 physicians and physician assistants. (Chapters 630 and 633 of NRS) Sections 8 and 39 **9** of this bill require those boards to prescribe electronic application forms for the 40 issuance or renewal of each license issued by those boards. Sections 8 and 9 41 require those forms to be free of discouraging or threatening language and the form 42 to apply for the issuance of a license to include a statement welcoming the 43 applicant to this State. Section 14 of this bill requires those boards to review the 44 application forms prescribed by those boards for compliance with sections 8 and 9 45 and submit to the Legislature a report concerning those reviews. Sections 8 and 9 46 also require those boards to annually submit to the Legislature a report of the actual 47 cost of issuing each license issued by those boards during the previous calendar 48 year.

49 Existing law requires the Commissioner of Insurance to prescribe and make 50 available on the Internet a form letter that a health carrier is required to use to 51 notify a provider of health care of the denial of his or her application to be included 52 53 in the network of providers of the health carrier. (NRS 679B.124) Section 12 of this bill additionally requires the Commissioner to prescribe and make available on 54 the Internet a form on which a physician may apply to be included in the network 55 of providers of any health carrier that provides coverage to residents of this State.

To Whom It May Concern,

I work at UNR Counseling Services as a psychologist and assessment coordinator. We are in the process of hiring a postdoc to begin in September that will be focused on conducting psychological assessment, as well as helping with suicide assessment consistent with a research grant. I obtained my license (PY0929) as a psychologist in October of 2019, which means I will be almost 2 years licensed when the postdoc will begin in September. My understanding, however, is that a primary supervisor must be licensed for 3 years in order to supervise a postdoc. I also understand that The Board has made exceptions when the supervisor has specific expertise in the area consistent with a postdoc's focus. For example, The Board made an exception last academic year so that one of our staff psychologists—who had been licensed for less than 3 years at the time—with expertise in eating disorders could supervise a postdoc focusing on eating disorder assessment and treatment.

I would like to seek a similar exception so that I can supervise the postdoc's assessments. I will summarize some of my assessment-related experiences below, which I hope provide evidence of my expertise in assessment.

- Taught graduate level labs on cognitive-behavioral assessment while I was a graduate student
- Sought practicums that emphasized psychological assessment, and had completed 35 integrated reports when I had applied to internship
- On internship I completed 14 additional integrated reports (comprehensive ADHD and learning disability evaluations) at a university counselling center
- Completed an assessment-focused postdoc at UNR Counseling Services, during which I completed 11 integrated reports (comprehensive ADHD and learning disability evaluations) and attended and lead weekly assessment-focused group supervision and didactic seminar
- Was hired as UNR Counseling Services assessment coordinator in the summer of 2019
- Have supervised 3 postdocs (as secondary or emphasis-area supervisor only), 6 interns, and 6 practicum students in my role as assessment coordinator

I am happy to further describe my assessment-related experiences if needed.

Please let me know the process for getting an exception to supervise the postdoc.

#### April 9, 2021

#### To: Nevada Board of Psychological Examiners

#### Public Comment from Michelle Zochowski, Ph.D.:

Hello, my name is Michelle Zochowski. I am currently a psychological assistant at the UNLV Ackerman Autism Center under the supervision of Dr. Julie Beasley who is here with me today

We wanted to comment on the progress of obtaining my licensure and a potential barrier I am facing. I am hoping to obtain employment at my current site as a fully licensed psychologist beginning on July 1<sup>st</sup> 2021. I have recently passed the EPPP, am on track to complete my hours before June 30<sup>th,</sup> and am in the process of scheduling the State exam and the EPPP 2. I have learned that the EPPP2 is still in the beta testing phase which means that I would likely not receive a score until July. Additionally, yesterday I attempted to sign up for the exam here in Las Vegas and the next available date would be July 21<sup>st</sup>. Taking the exam at an earlier date would require travel to a neighboring state and this produces an increased financial burden.

We are asking the board if they would consider adding this issue to the next meeting agenda to address possible solutions such as providing a waiver on a case-by-case basis to prevent the delay of licensure

#### Public Comment from Julie Beasley, Ph.D.:

As a nonprofit center, we depend on insurance contract and billing to fund clinical positions. Delayed licensure creates delays in credentialing. With credentialing taking 90 to 120 days in Nevada, we do not have time to waste. Supporting the timely licensing of new psychologists is crucial to clinical service delivery to our communities. I am asking for a case-by-case waiver/grace period to move forward in new psychologist positions. Please note that most, if not all, healthcare companies are requiring licensure and full credentialing prior to hiring candidates.

Respectfully,

Michelle Catherine Zochowski, Ph.D. Postdoctoral Psychology Fellow (PA069) UNLV Ackerman Center for Autism and Neurodevelopmental Solutions

13. DISCUSSION AND POSSIBLE ACTION ON THE STATUS OF THE STATE EXAMINATION, INCLUDING DATA RELATED TO ADMINISTRATION AND PROCTORING OF THE EXAM

#### Summary:

Following validation of the State Exam, including determination of the passing score, staff was directed to ensure security protocols were put in place. Following research of several companies, the executive director proposed proctoring the exam using an online meeting platform such as Zoom.

Director Scurry was asked to return at a future meeting to provide feedback.

To date, 26 applicants have taken the exam using the online proctoring protocols through Zoom. No applicant has expressed concern with the format. Director Scurry recommends continuing with the test administration with the online proctoring under the following guidelines:

- 1. The exam will be limited to days each month, generally the 1<sup>st</sup> and 3<sup>rd</sup> Friday of each month.
- 2. Individuals who fail the exam shall wait three weeks to re-take the exam. This helps to ensure they are not taking the spot of a candidate who has not taken the exam.

Once 50 applicants have taken the exam, additional follow-up will be brought to the Board.

#### Purpose

The purpose of the state exam is to identify persons who possess the minimum qualifications, knowledge necessary to be license-worthy in the State of Nevada, promote the competent practice of psychology in Nevada, and ensure public welfare.

#### Authority

NRS 641.180 allows the State of Nevada Board of Psychological Examiners to require that all candidates for a license as a psychologist: 1) Must pass the national examination, meaning the Examination for Professional Practice in Psychology (EPPP); and 2) May be required to take an examination in whatever applied or theoretical fields it deems appropriate. The Board has elected to administer a state examination addressing the practice of professional psychology, including, without limitation, federal and state laws, ethical principles and codes of professional conduct relevant to the practice of psychology in this State.

#### Eligibility

Invitations to the state exam will be sent to qualified applicants, generally by email. A candidate is eligible to take the state exam:

- As a registered psychological assistant once they have earned and submitted 1,400 post-doctoral supervised hours; or
- Upon application for psychology licensure has been submitted to the Board Office and eligibility validated.

All candidates for a license as a psychologist are required to take the state examination.

#### Fees

The fee for the state examination is \$200.00 payable prior to the examination. The exam will not be scheduled until payment for the exam has been made. There are no other fees associated with the State Exam.

This fee is required *each* time the examination is taken.

#### Scheduling

Exams are generally scheduled on the 1<sup>st</sup> and 3<sup>rd</sup> Friday of each month at 9 a.m. Alternative days/times may be available with approval of the Board office. To schedule an appoint, complete the State Exam application and submit with the exam fee to the Board office.

Once scheduled, candidates shall receive an online video meeting link (i.e. Zoom) for the scheduled time of the exam.

#### **Missed Appointment**

If you miss your appointment, you will not be able to take the examination as scheduled. Contact the Board office to re-schedule.

#### **Re-Examination**

Retakes of the Exam shall be scheduled not sooner than three weeks after the preceding testing date.

An applicant who fails the state examination 1 or 2 times may re-take the exam by following the standard procedures outlined in this manual.

An applicant who fails the state examination 3 times may take the exam a 4th time with permission of the Board. The applicant shall submit the Board-approved application with a written study plan. If the Board determines that the applicant's study plan is likely to result in the applicant passing the state examination, the application shall be approved.

An applicant who fails the state examination four (4) or more times may not retake the exam except as otherwise provided in this paragraph, and their application for licensure shall be deemed denied. If the application for licensure is denied, the applicant may, not earlier than 18 months after the date they failed the exam for the immediately preceding time, request permission in writing from the Board to reapply for licensure and retake the state examination. The Board will, if good cause is shown, approve the request.

#### Administration of the Exam

On the date/time of the exam, the meeting connection shall be established by the Board Office. Once established, the candidate shall receive an email with a link to begin the exam. The exam may not be started until or unless the proctor provides permission to begin.

#### Test Security

The administration of the State Exam includes an online test proctoring component. This shall include monitoring the test administration via a live proctor through online meeting software (e.g. Zoom, Teams).

Each candidate shall be required to sign a security/confidentiality agreement that includes, but is not limited to, prohibiting the recording of any portion of the exam and/or the reproduction of or aiding in the unauthorized reproduction of any portion of the exam.

Test takers shall be asked to show identification prior to beginning the exam.

While taking the exam, the camera and microphone on the candidate's device must remain open for the proctor to monitor while the exam is taken. To minimize disruption, the proctor shall turn off their video and microphone.

As this is an online exam, the candidate may refer to notes or the internet. However, they may not write or record any notes. The use of a pencil, pen or other writing or recording device, may result in the exam being canceled. In that case, the candidate must reschedule and may be required to pay the exam fee again.

The candidate may not speak to anyone during the exam. The proctor shall not respond to questions related to the exam.

Once the exam is concluded and/or the 3-hour time limit is reached, the candidate may leave the zoom meeting.

If the internet connection is disrupted at any time during the test, the exam may be considered void and a new appointment must be scheduled.

#### Online Open Book Exam

The exam is administered online and is open-book. There is a 3-hour time limit to complete 50 multiple-choice questions. The minimum passing rate is 75%.

You are able to change your answers and go back to previous questions. Once the exam is submitted, answers are final.

#### Accommodations

Requests for a testing accommodation may be made to the Board Office and require approval of the Board. Contact the Board office for additional information.

#### Results

Once the exam is submitted, the examinee will be informed of the final score. Within one week, a letter will be sent from the Board office notifying the individual of the exam score and the next steps in the application/licensure process.

The examination, in its present online multiple-choice format, was first administered in May 2020. The exam was approved in three versions in February 2021 following additional validation by a psychometrician.

As the format is new, a median state pass rate will be available after 50 attempts have been made.

14. DISCUSSION AND POSSIBLE ACTION TO CREATE A MASTERS' DEGREE LEVEL LICENSE

#### Summary:

See attached documents related to creation of a Master's Level License as discussed by APA. Also attached is information related to a similar type of license offered by the State of Texas.

#### Summary - APA Assembly on the Value/Distinctiveness of the Doctoral Degree in Health Service Psychology

Focused conversations were held with APA's Board of Directors and Council of Representatives in 2020 about the future of psychology practice and education. Based on feedback from those engagements, an Assembly of 40 diverse leaders gathered on January 28-30, 2021 to create a shared understanding of the value and distinctiveness of the psychology doctoral degree and license in the marketplace. *This Assembly was one important step as a professional community to define the future of practice and inform the training of future practitioners.* 

Assembly participants considered questions regarding a) psychology's contributions to population health and society vis-à-vis other mental health professions, b) how psychology education and practice will be (or should be) different in the future to address emerging demands, and c) how the doctoral degree/license in psychology is distinctive and adds value to our multi-tiered profession, beyond the master's degree. This discussion took place within a context that acknowledged the challenges with equity and access to care and the probability of greater demand for psychological expertise and services as the repercussions of the pandemic unfold.

Participants were selected to represent diverse perspectives, which provided a foundation for rich and broad discussions. At the conclusion of the Assembly, participants shared a strong sense that this work is necessary, and the process was even-handed and meaningful. The Assembly identified a number of issues that are worthy of additional attention, and a clear and strong agreement emerged for the following:

- The doctoral degree/license adds significant value within our multi-tiered profession. Doctoral
  psychologists have unique expertise in evaluation, specialty practice, leadership, interprofessional
  teamwork, and areas that include and go beyond direct service provision. Multiple tiers within the
  profession may be important to advance population health, wherein doctoral psychologists practice with
  a scope of greatest complexity in both breadth and depth.
- 2. An emphasis on science characterizes and distinguishes psychology, and it undergirds all education and practice. This results in doctoral professionals who are adept at understanding and utilizing science to make complex decisions to improve the health of the people and communities we serve.
- 3. Equity, diversity, and inclusion (EDI) is foundational to psychology and effective health care. It is essential for the psychology workforce to diversify and reflect the U.S. population. Developing and maintaining competence in EDI is essential across the professional lifespan of the psychology practitioner.

Additional considerations: Assembly participants discussed the need for consistent delineation of the multiple tiers of psychology practice across settings and jurisdictions, while also sufficiently distinguishing doctoral practice in regulations and the marketplace. Increasing the cohesiveness of professional identity as psychologists, consistency among training programs, preparation and credentialing for specialization, tracking workforce data, and recognition/expansion of the doctoral scope of practice are important considerations. This may include clarifying the scope and title for those trained with a master's degree and recognizing the greater complexity of doctoral scope in both breadth and depth. Lastly, the Assembly participants agreed it is essential to improve communication to colleagues, stakeholders, and the public about the important skills and abilities of doctoral psychologists, especially as specialists and leaders.

*Next steps:* To build on the work of the Assembly, a wide variety of colleagues across the discipline will be engaged to generate additional ideas and feedback. Key constituencies include governance leaders, state associations, training councils, regulatory representatives, divisions, students, and others. These efforts will lead to a broader Summit on the Future of Education and Practice to be held later in 2021. Pillars for the Summit will be based on this feedback and may include important matters such as diversifying the workforce, licensing and scope of practice, technology, access and levels of care - all with clear implications for education and psychology practice in the future.

## Licensed Psychological Associate

Only a master's degree in psychology is required to become an associate, but the applicant must pass the EPPP and the Texas Jurisprudence Exam. In addition, the applicant must have at least six semester credit hours of supervised practicum experience or an internship.

As a licensed psychological associate, the candidate can also apply for independent practice once they have obtained 3,000 hours of post-graduate supervised experience (within a 24-48-month period).

The requirements for obtaining licensure as a psychologist are set forth in 22 TAC 463.10. Generally, these requirements include:

- a graduate degree in psychology, consisting of at least sixty (60) semester credit hours, with no more than twelve (12) hours of practicum, internship, or structured experience counted toward the total degree hour requirement. NOTE: A graduate degree consisting of 42 semester credit hours, with at least 27 hours in psychology will be accepted for licensure purposes through August 31, 2021, so long as the applicant began his or her graduate program leading to the degree before August 31, 2019;
- Six (6) semester credit hours of practicum, internship, or other structured experience within the graduate degree program, while under the supervision of a licensed psychologist;
- passage of the Examination for Professional Practice in Psychology; and
- passage of the Jurisprudence Examination.

The following are requirements for independent practice authority for licensed psychological associates:

In lieu of providing each patient or client with a copy of the required pamphlet or brochure, licensees may publish in a conspicuous manner, the pamphlet or brochure on their website or provide a link to the pamphlet or brochure on the Council's website.
