**9. State Exam Update**

A. Psychology

The Board reviewed the exam report produced by Comira. The exam was a new form and an unusually low pass rate. Dr. Paul motioned to move cut score to 36. Dr. Young second. Upon further discussion, Dr. Paul rescinded her motion. Dr. Wood-Antonuccio motioned to move cut score to 35, to allow for the pass rate to increase to 65%. Dr. Paul second. The Board vote 7-0-0. The Board is interested in knowing what the failed questions are.

-Computer Based Testing (CBT)

-Ms. Alldredge informed the Board that COMIRA, the current Psychology exam developers, offers computer based testing for other clients and are willing to offer the service to the Board. There are currently 4 testing sites in Nevada. There are 3 in the Las Vegas area and one in Reno, in an outlying area. A possible testing site may be set up in the Board office, for our exam only. If moved to CBT the Board would be able to offer the exam once every two months.

Dr. Young moved to go forward with CBT. Dr. Paglini second. Board Voted 7-0-0.

B. Behavior Analyst: 21 people attempted the exam. 6 CABI's failed. 11 CABI's passed, 2 LaBA and 2 LBA's passed.

-Ms. Alldredge stated when the Psych. exam moves to CBT the BA's would also be able to use the Board office as a future testing site. Further discussion of BA state exam will take place through the BA exam committee. Suggestion will be brought back to the Board.

**10. Legislative Update**

A. AB6 - The bill removing CABI as a designation and no longer regulated by the Board. At the hearing they did present an amendment replacing CABI with Registered Behavior Technician (RBT). At introduction of the amendment, the Board took a neutral position.

B. SB68 - A bill presented by the Governor's office placing a deadline on the time between completion of application to Licensure. The bill allows 15 days from completion of application to notify applicant of approval or information needed to

complete application. 45 additional days are granted to allow applicant to attempt and reach completion of license application.

C. Interstate compact-BDR 54-238 - The compact developed by ASPPB, has been picked up and will be attached to a bill, SB 299, with clarifying Telehealth Language.

#### **11. Discussion and Decision on action regarding Unlicensed Activity**

A. UL20150001 - Ms. Bradley shared that a person who is an intern with the MFT Board and a higher level intern with the Alcohol and Drug Board, and a school psychologist registered with the Dept. of Education, has done 32 psychological evaluations for Division of Employment Training and Rehabilitation. The person is advertising and not declaring they are an intern. Other Boards are addressing this and DETAR has filed a civil law suit against this person. NRS 641.2705 says if the Board determines after an investigation the person has violated this, the Board may write a citation, informing the person of an appeal process within 30 days. Ms. Becker moved to allow Dr. Paglini to review the information and determine if the Board should issue a citation through the AG's office. A report will be given at the next Board meeting. Dr. Ghezzi second. The Board passed 6-0-0.

**B. ACHE Email regarding Hypnosis representation.**

Ms. Bradley responded to questions in regard to the oversight of these type of practices. She shared that it would be optimal for someone to take the oversight of these type practices specifically into their regulatory areas. She also stated it may be worth pursuing something in the legislature to ensure a clear definition and a clear Nevada regulatory action. It was also stated that if the office does receive complaints regarding hypnosis, then this Board needs to be aware. It was also stated that all professions that will allow hypnosis within their scope should get together and come up with a plan to provide regulation to the profession as a whole.

Mr. James also stated that there is, in place, a specific code of ethics that has been established, a referral program for clients that are unhappy and a Review Board through the professional association. He stated that they are actually a "self-regulating" organization. Mr. Taylor encouraged that a discussion take place among the professionals and Boards. It was requested that this Board could reach out to the professions that wrote that hypnosis is a part of their scope of practice, they may want to send some representation for the discussion of regulation for this type of practice and to also find out if there have been complaints within their jurisdiction. Ms. Bradley stated that she can check with the AG office to see if complaints have been sent in to them. Another question for clarity was in regard to ACHE. ACHE is the International Group that currently has oversight over these type practices. A suggestion of two options was made;

Option A was to start a task force that can eventually go to the legislation  
or option B grant that ACHE is enough oversight of the hypnosis profession.

Hal Taylor stated that he would be the liaison for this endeavor and will get point people from 3-4 different organizations that should be part of this discussion. Mr. Taylor will have these point people at a future Board meeting.

During discussion of how to respond to ACHE's email the Board also discussed how to move forward with those that practice, EEG Neuro-feedback. Ms. Bradley stated that it should be a separate discussion. She stated that if the other licensing boards say that it is a part of their scope and if there were complaints those Boards should look into competency. It was stated that there should be clarification with each Board in their different scope of practice.

Further information is requested from Social Work and Marriage and Family Therapy Boards on what their legislation is and what their statutes are; Ms. Alldredge is to draft a letter to these Boards to request further information.

**C. Letter from Abraham Amaya; Request to waive Internship Hours in application.**

Dr. Amaya requested that the Board allow him to waive his internship hours, and receive postdoctoral hours under the supervision of a Nevada licensed Psychologist. After review it was noted that his program was neither APA accredited, nor regionally accredited at the time of his graduation. Dr. Amaya stated that he has never taken the National Licensing Exam but would be happy to do so. The graduate school attended by Dr. Amaya, was not APA nor Regional accredited, therefore Board could not waive Dr. Amaya's internship nor allow him to apply for licensure with this Board. Ms. Bradley recommended that there may be other licensures that he may be qualified for and it possibly would be worth him looking into.

**15. Public Comment.** - No public comment was made.

Dr. Ghezzi moved to adjourn meeting at 12:30. Dr. Wood-Antonuccio second  
Board vote 6-0-0. Meeting adjourned at 12:30p.m with a 15minute break at 11:20am.
