Ms. Alldredge reported that effective January 1, 2019, the Behavior Analyst will no longer be part of the Board. There was a discussion in regard to the income that would affect the Board that came in from the Behavior Analyst. The BA application fee income was \$3400.00, the BA State Exam income was \$1,500.00, the BA Biennial fee income was \$44,729.77 and the LaBA Biennial fee was \$1925.00. Dr. Paul asked for a report on the actual net loss because of losing the BA's, for the next Board meeting. Dr. Wood motioned to approve the Treasurer's report. Ms. Alldredge stated that our income was high in May because of the state exam and psychologists being licensed quickly. She reported that our net income is \$133,000.00 and that we are doing good at this time. Ms. Alldredge reported that our 7-month CD renewed for \$8.32. Dr. Wood motioned to approve the treasurer's report. Dr. Paglini second. Board Vote 7-0-0.

-It was stated that a formal Board orientation for new Board member is tentatively Scheduled for August of 2017.

7. Complaint #16-0115 Jennifer Highsmith Request from Supervisor-Regarding the sharing of redacted neurological reports to assist in report writing.

Ms. Becker stated that it appears Dr. Highsmith is seeing her supervisor, Dr. Cavenagh as a mentor and wants to see her work to see how a seasoned person does her reports and it would be one more step to help her in her professional growth. Dr. Paul states that Dr. Cavenagh, as her supervisor, should work closely with Dr. Highsmith to ensure that she doesn't get into a habit of cutting and pasting on her reports, but learns to integrate and create her own report style and demonstrates an understanding of the concepts. Ms. Alldredge will re-share the order with the Board. Ms. Alldredge will draft a letter to Dr. Cavenagh stating that she can share redacted reports with Dr. Highsmith if she feels comfortable doing so, and to work with Dr. Highsmith to help her develop her own report style that helps her integrate and demonstrate her understanding and mastering of the concepts. It was stated that we also need to thank Dr. Cavenagh for the thorough reports she has been providing. Ms. Becker motioned the approval of the letter to Dr. Cavenagh. Dr. Wood second the motion. Board Vote 7-0-0.

Ms. Alldredge will draft a letter and send to Ms. Bradley.

8. Schedule of future Board meetings, hearings, and workshops

The next Board meetings are scheduled for July 14, 2017, September 8, 2017, October 13, 2017, and November 17, 2017 all meeting at 9:30am. The Evaluation Equivalency Committee will be meeting at 8:30am one hour prior to each of the Board meetings. Ms. Bradley reminded the Board to start looking at regulations and if changes need to be made, now is the time to begin this process.

9. Board needs, operations, and schedules.

A. NSC 69454; 8th JD A-10-626745-C: David Hopper; Receipt of damages

Ms. Bradley will send a demand letter.

B. Update from the Evaluation Committee

The committee is coming up with a variety of tools to evaluate applicants coming from Non-APA accredited programs. Dr. Owens put together a worksheet that helps to see other states that have corresponding licenses which we call green light states, and then we have yellow light states that have some discrepancies and then red light states that do not meet our requirements. We currently have four applicants that we are looking at. Dr. Young has agreed to stay on the sub-committee as an employee of the Board with her job description to include being a part of this sub-committee as well as an investigator. Licensure by endorsement will require changes in the NAC which Dr. Young will also be working on.

10. 79th Legislative session

- AB429** - This bill was requested by the Board enacting the Interjurisdictional Psychology Compact, (Psypact). The bill passed on May 26, 2017. Nevada became the third state to join the Psypact. We are waiting for 4 more states to join for the compact to become active. There was a discussion in regard to tele-med and appropriate professional scenarios before and after the compact. It was suggested that we may put an article, in regard to this, in the newsletter.
- SB162** - This bill was introduced by the Nevada University training programs, and will allow the registration of currently enrolled graduate students and Psychological trainees. This will allow for the programs to charge for the services provided under supervision. The universities worked alongside the Board to guarantee the language met the requirements and needs of the community. The bill also placed the registration of interns and psychological assistants in the NRS and fingerprinting requirements.
- AB457** - This bill began as a consolidation bill but was changed to be an oversight bill. Dr. Paul updated the Board on the history of the bill and presented the final requirements for the Board. Each Board will be required to submit an annual report to the oversight commission, including complaint, licensing and application information. Ms. Becker requested that the timeline be developed to allow the Board time to review and edit the required report before submission. It was suggested that we add the oversight commission chair to our agenda meeting notices so that if they want to attend a meeting, they know they are welcome. Ms. Alldredge will be emailing DHS to set up a meeting to review the bill and provide the Board with final specific changes required by the bill in order to implement them on a timely basis. Ms. Becker asked that if this meeting is prior to the next Board meeting, that we put an overview of the meeting on the agenda. Dr. Paul asks that we have a standing item that states, "Implementation of Regulation Changes" so that we can monitor our progress. Ms. Becker offered her services to possibly find the most inexpensive route to begin accepting credit cards and further online information. Ms. Bradley recommended possibly looking at the Cosmetology Board and what they are currently using. Dr. Paul recommended using the Licensed Alcohol and Drug Counseling website to model the ideal setup. Ms. Bradley also recommended looking at the Nursing Board's website.
- SB286** - This bill was introduced by Aging and Disability Services. The Director of the department approached Ms. Alldredge who notified the Board in October 2016 of this suggested legislation. She also informed the Board, at that time and throughout the legislative session that the Board would react in the manner the profession requested. Throughout the session, Ms. Alldredge would communicate with the key players of the bill to explain that the lack of professionals is not the fault of the licensing Board, and the Board is just enforcing the requirements set forth in the original 2009 language. While Ms. Alldredge was in continued conversations with members of the licensing community, no professional explicitly requested the Board to attempt to intervene with the passage of the bill and the changing of the structure. As this bill was granted exempt status it was able to work past the deadlines set for standard bills and passed towards the end of the session. Effective January 1, 2019, the licensing of Behavior Analysts will be transferred to the Board developed by this bill. There are other intricacies to the bill that will be outlined at a later time.
- SB357** - This did not pass; it was to change the Licensure by Endorsement.
- SB201** - This did pass; Conversion Therapy is illegal in Nevada.
- AB105** - This did pass; Extends the CE Suicide Requirements to other professions and for a longer period.

-Ms. Becker asked if the Board felt that Neena Laxalt was a good expense of our Board. Ms. Alldredge shared that she was always available at meetings and that she could not have done what she did without Ms. Laxalt. Dr. Paul also shared that Ms. Laxalt's response time was always very prompt and that she did an excellent job.

12. Correspondence

A. Letter from Verne Lewis - Request on whether to proceed with application.

1. Dr. Lewis wrote to the Board to request some guidance and clarification regarding his application as a psychologist. Dr. Lewis surrendered his license in Wisconsin due to a dual relationship issue. Dr. Young asks for the paperwork from Wisconsin. Dr. Lewis shares that the stipulation for surrender can be found on the Wisconsin Board site and that Wisconsin reported to the National Data base. Dr. Paul states that the Board will consider the application.

2. Dr. Paul encouraged Dr. Lewis to complete his PLUS system fully, to allow the Board to review his training, education and work experience. Ms. Bradley stated a case similar and does not foresee a denial. Dr. Paglini asks if there have been any other complaints from the time of the incident to the current and asks for letters of recommendation so that the Board can establish proper and ethical conduct since then. Dr. Paul requests that Dr. Young be the main point person in investigating. Ms. Becker asked for the expected time-line for resolution. The time-line will be determined by how quick Dr. Lewis inputs the PLUS. The hope is to be able to determine by the September 8th, 2017 Board meeting. Ms. Alldredge will work with ASPPB to get information from NRHSPP.

B. Letter from Brook Madden - Request on how to handle possible misfiled insurance billings by company. (Letter with redacted names of professionals involved)

The Board reviewed Ms. Madden's letter. They encouraged her to speak with a lawyer regarding the insurance issues raised. They also thanked Ms. Madden for being open and honest with the Board. This information will be placed in her licensing file in case legal action is taken.

13. Approve for Transition:

A. **Rebecca Weber - LaBA to LBA** - Dr. Young motioned to approve. Dr. Ghezzi second. Board Vote 7-0-0.

B. **Alan Hopewell Inactive to Active Psychologist** - Dr. Paul looked at file recommended approval. Board Vote 7-0-0.
