**3. Approval of minutes of previous meetings; July 10, 2017**

Ms. Becker motioned to approve July 10, 2017 minutes. Dr. Wood second. Board Vote 6-0-0.

**4. Treasurer's report for F/Y 2016-2017.**

Dr. Owens reported that we are officially in the new fiscal year. We have gotten the last of bills from the previous fiscal Year. There will be a round-up of the first part of the budget since we are transitioning to a 2-year budget from the annual budget the Board has used in the past. Ms. Alldredge did a soft evaluation of the net loss of the BA licensures. While a true evaluation of Board staff time would take more expenses, in an estimation by Ms. Alldredge and Ms. Snyder, they feel a large portion of their time is spent on BA Application questions and tracking. With the costs that can be tracked with the state exam there is still an approximate loss of about \$50,000.00.

In regards to costs and income, the Board has received the \$7,000.00 in recovered legal costs from the complaint heard at the previous Board meeting. There will be an increase in travel costs in relation to the ASPPB meeting. Otherwise costs remain similar with no other foreseen increase in costs. Dr. Wood motioned to approve the treasurer's report. Dr. Paglini second. Board Vote 6-0-0.

Ms. Alldredge also received a quote for the required audit. \$8,000.00 is the quoted cost to complete the review. In the past we've paid \$5,000.00 to complete the audit. Ms. Alldredge was informed with the PERS addition to her income it requires additional work on the audit. Ms. Becker motioned to approve the \$8000.00 proposal for audit by Kohn and Company. Dr. Wood second. Board Vote 6-0-0.

**5. Review of complaints, disciplinary actions, and litigation pending.**

**A. Complaint #15-1123** - This has been scheduled for hearing at the November Board meeting. The settlement offer has been rejected.

**B. Complaint #16-0328** - This has been scheduled for hearing at the November Board meeting. Currently working on a settlement.

**C. Complaint #16-0919** - The Board will need to change the investigator.

**D. Complaint #16-1005** - The Board will need to change the investigator.

**E. Complaint #16-1221** - The investigator was not in attendance, defer to next meeting.

**F. Complaint #17-0522** - The investigator was not in attendance, defer to next meeting.

**G. Complaint #17-0619** - The investigator was not in attendance, defer to next meeting.

**H. Complaint #17-0710** - Dr. Young, the Board investigator, reported that the Psychologist did not provide the report needed in a timely basis. The

report was eventually provided and the complainant wanted to withdraw the complaint. It is a policy that once a complaint is filed with any Board, it cannot be withdrawn. As there are similarities to another complaint, Ms. Bradley suggests the complaint be forwarded to DAG for further investigation. Dr. Krogh motions to forward complaint to AG office. Dr. Wood second. Board Vote 6-0-0. Ms. Bradley to write the letter.

**I. Complaint #17-0717** - The investigator was not in attendance, defer to next meeting.

**L. Complaint #17-0824** - Waiting for response from psychologist.

#### **6. Update and discussion from the ASPPB Mid-Year meeting in Memphis.**

Ms. Alldredge shared about new meeting protocol that was presented. Dr. Paul states that there was a pro argument and a con argument and then everyone broke up in groups for discussion. Dr. Paul's topic was the EPPP2. Dr. Paul argued that it would be good to move up the EPPP1 earlier during the training and someone was there arguing to keep it as it is and to just add the EPPP2. Dr. Paul won her argument. ASPPB will support programs to have the EPPP1 earlier in their training sequence and administer to students pre degree. It gives the supervisors the opportunity to demonstrate that their students are achieving discipline specific knowledge. The EPPP2 is an applied exam. There was an update on the development of the EPPP2. Dr. Paul shared that the other topics were of all the states that are dealing with the equivalency issues and each state was able to present their arguments as to why they do what they do. She shared that Canada had a different prospective on applicants that are immigrating and how to make them equivalent. Ms. Alldredge shared that all four of our Nevada representatives sat at different table were able to share about Nevada regulations and procedures.

#### **7. Discussion regarding the development of a professional assistance program through the Board.**

Ms. Alldredge states that other Boards have an assistance program for their licensees and have processes set up. She states that with AB457 sitting on the table that maybe the Board should develop something and have the other Behavioral Health Boards help develop our own program. Ms. Bradley shares that there is already an exemption in SB622 that allows professionals to remain confidential if they turn themselves in before any complaint or harm has occurred which; would be more of a monitoring situation than a supervisory position. Ms. Bradley noted some Nevada Boards have agreements with monitoring companies that will actually do the monitoring and they are Licensed professionals that are doing the monitoring. Ms. Bradley states that the intent of establishing a professional assistance program through the Board would be for licensees to have a way to come to the Board when they know they have a problem.

They can be set up with people who can help them get back on the right path. Ms. Alldredge states that the Nursing Board has developed a program to help their licensees get back on track. Ms. Bradley states that once the Board has an idea of exactly what format the program will take, wording can be placed in the NAC. It was stated that in the development of the program the licensee will pay any costs associated. Dr. Paul states that it would be the Board's responsibility to solely set up procedures and policies that would allow a licensee to have an avenue of help to pursue. Ms. Becker asked if the Nevada Psychological Association could be of help with this. Ms. Alldredge states that the Association would be a great help in the advertising of this program or procedure that is established. Dr. Paul asked the Board if they feel this is something that the Board wants to take on. Dr. Krogh feels that this will allow the Board to have something that is sanctioned to help. Dr. Owens states that even if we only help 1 or 2 psychologists, imagine the public that can be protected. There was a further discussion and Dr. Paul suggests that we put this on the calendar as a topic for our staff retreat in December.

Ms. Bradley will gather materials that the Nursing Board has. Ms. Alldredge will do a query with other Boards to see what they may have established. Ms. Alldredge states that the annual ASPPB meeting in October they will be discussing this professional assistance during the session.

#### **8. Schedule of future Board meetings, hearings, and workshops**

The next Board meetings are scheduled for October 13<sup>th</sup> Board meeting in Reno, November 17<sup>th</sup> Board meeting in Carson with 2 possible disciplinary hearings and then December 1<sup>st</sup> Board

training in Las Vegas. (Pam Becker to be video conferenced in). The meeting for October 13<sup>th</sup> in Reno will start at 8:30am.

**9. Board needs, operations, and schedules.**

**A. Review and Discussion regarding Applicant Forms when seeking accommodations**

Dr. Paul deferred to the October meeting.

**B. Procedure regarding the sharing of supervision reports with the supervisee in disciplinary roles.**

Ms. Alldredge suggests that the Board develop a type of contract with the supervisors, the Board and the supervisee in which all three parties would sign and agree to. Dr. Paul shares that a supervisor needs to be transparent and honest throughout the time of supervision. There can be direction by the Board with significant concerns and how to address those concerns with supervisee. It was also stated that any report written should be reviewed with supervisee before it is sent to the Board. Dr. Wood feels that this contract will help the supervisor see their expectations to the supervisee and the Board. Ms. Alldredge states that she will look to ASPPB to see if there is an example or possibly morph an existing informed consent form. Dr. Paul asked that Dr. Wood take the lead on making sure this gets done and Dr. Wood agreed to take on the task. Dr. Paul asks that we keep this on the agenda, but change it to read: Developing a Supervision Contract. Ms. Becker suggests that we go back to the actual supervisor asking for clarity on this and respond to her.

**C. Discussion and Development regarding professional outreach and working with Nevada Psychological Association.**

Ms. Alldredge states that she would really like to see the Board and Nevada Psychologist Association grow in their relationship with one another. There was a suggestion of possibly a booth at the NPA gatherings where Board members, and the Executive Director and maybe Ms. Bradley can attend. Dr. Paul suggested that we invite them to our retreat in December and block out an hour that a discussion can go forth with them. Dr. Owens suggests inviting Wendy O'Connor and Dr. Zimmering to the Board training on December 1<sup>st</sup>, would be a good way to develop our relationship with them.

**D. Review and discussion of changing to ASPPB character reference from over the current from utilized by the Board.**

The current form requires a notary and has 5 questions. The ASPPB form has 7 questions that are somewhat the same, but are worded a little differently. Attesting supervisors are not currently accepted. Dr. Paul does not know why we wouldn't accept attesting supervisor. Ms. Alldredge shares that not accepting attesting supervisors gives us more people for character references. The notary helped the office to not have to call and clarify references. Dr. Paul asks if the character reference can be input on line with an electronic signature. Ms. Snyder suggests that maybe a statement on the bottom that states, "I certify that I am the person signing this". Dr. Wood had a problem with 7b and its' wording. Dr. Krogh motioned to accept the change the character reference form to the form that ASPPB uses. Ms. Becker second. Board Vote 6-0-0.

**10. Review and discussion of NAC 641.**

**A. Development of regulations as based upon bills passed in the 79<sup>th</sup> Legislative session. (AB429, SB162, AB457, etc.)**

It was suggested that with (Psypact)AB429 to develop language for NAC; and future language will be developed as the compact develops.

SB162 and AB457- Ms. Bradley and Ms. Alldredge will work on proposed language.

For next meeting Dr. Paul asked that AB457 have its' own agenda next meeting.

**B. Review of R128-14; possible changes needed and requested by legislative commission December 2016.** Ms. Bradley and Ms. Alldredge will touch base regarding the current language.

**C. Review of R13-15; possible changes needed and requested by legislative commission December 2016.** Dr. Paul was to reach out to University of Reno and come up with a proposed change for the next Board meeting.
