**Irina Abriamians** - Director Gleich stated that Irina needs to complete PLUS as soon as possible, and in their last conversation had told her to talk to Jayson. Director Gleich will contact Irina and Julie, Irina's Supervisor, regarding her hours.

Dr. Paul asked if we contacted everyone regarding their SPP. Director Gleich stated that we had and in the letter let them know that they had until end of March to get them in or will close at April meeting, and if we close the file, they will have to reapply. Mrs. Robertson confirmed that most SPP's have been turned in or we have heard from as far as where they are in the process. Dr. Paul reiterated that we give the applicants a 3-month grace period to get everything complete, however, there can't be a grace period for the SPP. Director Gleich let the group know that we now ask for the SPP right away, upon receipt of application, and so that will no longer be an issue.

There is no update on the rest of applicants. Jayson will be sending us who has completed PLUS. Most of the Walden people are having a difficult time.

**5. Meeting schedule for committee**

Next meeting is scheduled for April 17, 2018.

**6. Other Items for Future Discussion**

Dr. Paul introduced the Model of Review by the ASPPB Mobility Committee. Tasha is Executive Director to the Committee, and oversees all licensees, application tracking, etc., for the department. Dr. Paul let the group know that Jayson can send updates on all our applicants in any form, and frequency we want him to update information to us. Requested having him send information every month around the 10<sup>th</sup>, which we now receive monthly on the 1<sup>st</sup>, perhaps in an Excel spreadsheet, informing us what the applicant still has to complete. Director Gleich said that we'll have Jayson do a check list for the Evaluation Committee.

**6. Other Items for Future Discussion (continued)**

Dr. Paul suggested naming this group the "A-Team" as we are really a licensure application tracking equivalence and mobility committee. This process will assist Director Gleich and Mrs. Robertson to track the flow of applicants. We are also part of the license by endorsement committee. Everyone agreed on the name the "A-Team".

Dr. Paul shared the CPQ information on the screen. She would like the committee to develop and create a Policy and Procedure Manual, possibly duplicating the ASPPB Mobility Procedure and Policies. The reason is if this committee leaves, others can step in and know what to do and what the committee is about. She wants to model our reviews after their review form. Also, have the committee come up with a policy where Director Gleich or staff is first reviewer and the committee/Psychologist the second reviewer. What we would be looking for is to go through the application, identify the applicant's program, etc., with a checklist. Director Gleich or Mrs. Robertson would check the Non-APA applicants. Dr. Paul suggested everyone review the documents, tools and model documents and give their input at next meeting.

Dr. Paul suggested creating a Drop Box for everyone to make it easier to share the documents on their computers at the meetings.
