A REGULATION relating to psychology; interpreting the term “mental examination” for certain purposes; increasing the number of hours of instruction relating to cultural competency that a psychologist is required to complete; prohibiting a licensee from disclosing psychological test material or psychological test data under certain circumstances; updating certain information concerning a publication adopted by reference; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

With certain exceptions, Assembly Bill No. 244 of the 2023 Legislative Session established certain substantive rights for persons compelled to submit to a mental examination pursuant to a court order, a contractual obligation or any other type of obligation. (Section 1 of Assembly Bill No. 244, chapter 503, Statutes of Nevada 2023, at page 3141 (NRS 629.620)) **Section 1** of this regulation provides that, for purposes of those requirements, the Board of Psychological Examiners will interpret the term “mental examination” to mean a comprehensive clinical interview in which psychosocial data is collected.

Assembly Bill No. 267 (A.B. 267) of the 2023 Legislative Session increased from 2 to 6 the number of hours of instruction relating to cultural competency and diversity, equity and inclusion a psychologist must receive as a prerequisite for the renewal of a license. (NRS 641.220, as amended by section 5 of Assembly Bill No. 267, chapter 202, Statutes of Nevada 2023, at page 1180) **Section 2** of this regulation revises the requirements for continuing education in existing regulations to conform with the changes made by A.B. 267.

Existing law authorizes the Board to adopt regulations governing the practice of psychology. (NRS 641.100) Existing regulations prohibit a psychologist from reproducing or describing psychological tests or other assessment procedures in a manner which may invalidate

the tests or procedures. (NAC 641.234) **Section 3** of this regulation prohibits a licensee from disclosing psychological test material or psychological test data to any person or during any judicial proceeding, administrative proceeding or legislative proceeding, unless an exception applies. **Section 3** also: (1) authorizes a person who is the subject of a psychological test or assessment procedure to request that records related to the psychological test or assessment procedure be disclosed to a designated psychologist; and (2) prescribes requirements relating to such a request.

Existing regulations adopt by reference the *Ethical Principles of Psychologists and Code of Conduct* adopted by the American Psychological Association. (NAC 641.250) **Section 4** of this regulation makes a technical change to reflect the current Internet address at which a person may obtain a copy of this publication free of charge.
