## *Language Access Plan*

### *I. Purpose and Authority*

Nevada Revised Statutes Chapter 232 and federal guidance on Title VI address the barriers persons with limited English proficiency face in accessing governmental programs and services. Persons with Limited English Proficiency (LEP) require and deserve meaningful, timely access to government services in their preferred language. To that end, it is the responsibility of government to provide that access:

State and local agencies and entities that receive public money have an obligation to provide meaningful, timely access for persons with limited English proficiency to the programs and services of those agencies and entities.

The Nevada Board of Psychological Examiners is committed to complying with NRS 232.0081 and Title VI of the Civil Rights Act of 1964, 2 C.S. § 561 et seq. (Act 172 of 2006) to ensure meaningful access to State services and programs for individuals with limited English proficiency.

The purpose of this document is to establish an effective plan and protocol for employees of the Nevada Board of Psychological Examiners to follow when providing services to, or interacting with, individuals who have limited English proficiency. Following this plan and protocol is essential to the success of our mission to protect the public health, safety and welfare by ensuring that only competent practitioners of Psychology are licensed in this State.

### *II. General Policy*

The Nevada Board of Psychological Examiners recognizes that the population eligible to receive its services may include limited English proficiency (LEP) individuals. It is the policy of the Board to ensure meaningful access to LEP individuals. The Board will adopt the following policies and procedures to ensure that LEP individuals can gain equal access to the services the Nevada Board of Psychological Examiners provides and regulates.

It is Nevada's policy to grant access to services or programs to every person regardless of their ability to speak, understand, read, or write English. The Nevada Board of Psychological Examiners intends to take all reasonable steps to provide LEP individuals with meaningful access to its services and programs. The Board seeks to reduce barriers by increasing its capacity to deliver services and benefits to people in their preferred languages.

The Nevada Board of Psychological Examiners endorses the following policies:

- The Board is committed to equity and will take all reasonable steps to provide LEP individuals with meaningful access to all its services, programs, and activities.
- The Board, rather than the LEP individual, bears the responsibility for providing appropriate language services, regardless of the LEP individual's preferred language, at no cost to the LEP individual.
- Staff at the initial points of contact have the specific duty to identify and record language needs.
- The use of informal interpreters such as family, friends of the person seeking service, or other customers is not allowed. Minor children are prohibited from acting as interpreters.
- Staff may not suggest or require that an LEP individual provide an interpreter in order to receive Board services.

Nevada Board of Psychological Examiners Language Access Coordinator:

Administrative Director  
702-276-0926

### ***III. Profile of Clients of the Board of Occupational Therapy***

Our preliminary assessment is that the Board has a limited LEP constituency. Our primary "service" is licensing and regulating Psychologists. All applicants must meet eligibility requirements, including educational, experience, and national and state examination requirements, for licensure as a Psychologist.

The Board currently collects limited demographic information from individuals applying for a license. That demographic information does not include LEP status, or whether they identify as indigenous or as a refugee.

Going forward, the Board will periodically conduct a demographic survey to include questions about applicant's and licensees preferred language(s) to better assess language access needs and to determine whether an individual identifies as indigenous or as a refugee.

The Board is committed to tracking the languages preferred for communication among the individuals with limited English proficiency whom the Board serves, so that the Board can better provide meaningful, timely access to the Board's services without regard to any language impediments.

The preferred language of the public and individual receiving services from the Board is US English. The most common methods for the public to access services are through the Board website and email communication.

#### ***IV. Language Access Services and Procedures***

The Board does not have staff who can provide language assistance services, and it does not have any known LEP applicants, registrants, or licensees. Currently, it is not known whether any applicants, registrants, or licensees identify as indigenous or refugee. The Board has never received a request for translation or American Sign Language Services from LEP applicants, registrants, licensees, or the public.

The Board will address language access needs by:

- utilizing one of the active statewide contracts for translation and interpreter services offered by the state, which can be found here:  
[https://purchasing.nv.gov/Contracts/Documents/Translation\\_Interpretation/](https://purchasing.nv.gov/Contracts/Documents/Translation_Interpretation/)
- providing Notice of Language Assistance Services

All staff will be made aware of appropriate language assistance services. Those seeking services may also request language assistance by contacting the Board by email, which is posted on the Board's website.

#### ***V. Implementing The Language Access Services***

In order to fulfill the goals of this Plan, the Language Access Coordinator will provide staff with the necessary training to ensure that staff are familiar with the Language Access Plan and its related policies. This training will include:

- How to respond to LEP individuals via phone, writing, or in person.
- How to seek assistance with internal or state sanctioned language access resources.
- How to document the mode of communication and preferred language of an LEP individual to better understand the needs of those accessing services and ensure that equitable access is available throughout the duration of their interactions with the Board.
- How to report these interactions to the Language Access Coordinator.

In addition to staff training, the Board will use the internal and state sanctioned resources to provide information in languages other than English.

## ***VI. Evaluation of and Recommendations for the Language Access Plan***

The Board is committed to providing our limited English proficient individuals full access to its services and is committed to monitoring the policies and procedures stated above to ensure that limited English proficiency Nevadans are receiving equitable access to Board services.

The Language Access Coordinator will continue to develop and monitor this plan, and update it biennially based on applicant data and language accommodation requests documented by staff and demographic data obtained through surveys. The Board will also track any costs it may incur by using external, state sanctioned resources.

The Board is exempt from the State Budget Act; all expenses are paid from fees received from registered and licensed individuals.

### Suggested Legislative Amendments:

Independent regulatory Boards that do not have staff capacity to perform language access roles could benefit from a State assigned liaison that works for the Governor's Office of New Americans to provide those duties for the Boards on an as needed basis, similar to an assigned Deputy Attorney General (DAG).
